

# WINTER APPEAL

*together we can make a difference*

This Winter, conditions are cold and wet and the number of women, men and families needing support are increasing. We are calling on corporate businesses, organisations, community, schools and individuals to hold a donation drive or fundraiser for Carrie's Place so together we can make a difference in our local community.

***Donation drives foster inclusivity and empowers individuals to be a part of something greater than themselves. Together, we can channel collective efforts to make a greater impact.***

## CURRENTLY WE HAVE:

- Sporting organisations holding weekly drives for food and other non-perishables.
- Church groups making meals.
- Banks holding drives for food and non-perishables.

## HELP NEEDED:

- Sleeping bags (-5°C), tents, swags, pillows and felt blankets.
- Warm clothes (new) - fleece jumpers, jackets, thermal under garments, thick socks, beanies and scarves.

*Carrie's Place will share stories of support and kindness, across our social media channels and provide recognition of your support.*
